Healthcare Provider COVID-19 Weekly Key Updates and Q&A Session
Agenda

• Housekeeping

• Updates
  – Global, National, New York State, and New York City
  – Clinical
  – Surge Planning
  – Healthcare Facility Infection Control
  – Lab Testing

• Q&A
Instructions for Q & A

• Please enter your questions in the chat box
• We will answer technical/logistical questions as they are received
• We will pick commonly asked questions from the chat box to discuss at the end
• We may not be able to answer every question today, but questions will be used to guide next week’s agenda

Thank you for your cooperation!
Upcoming Calls

Update: Future calls will be held from 1-2 PM

• Thursday, March 5
• Thursday, March 12
• Thursday, March 19
• Thursday, March 26
Global Update

https://www.who.int/emergencies/diseases/novel-coronavirus-2019/situation-reports

Brad Hutton, MPH
Deputy Commissioner for Public Health

  – 37 countries outside China with cases, 2918 confirmed cases outside China
COVID-19 CDC Travel Health Notices

Warning Level 3

CDC recommends that travelers avoid all nonessential travel to the following destinations:

Alert Level 2

These destinations are experiencing sustained community transmission of respiratory illness caused by the novel coronavirus (COVID-19). The virus can spread from person to person. Older adults and those with chronic medical conditions should consider postponing nonessential travel.

Watch Level 1

CDC does not recommend canceling or postponing travel to the following destinations. Travelers should practice usual precautions.

2019 Novel Coronavirus (COVID-19) — Information for Providers

The City’s response to the 2019 novel coronavirus (COVID-19) depends on health care providers staying up to date on the latest guidance for how to manage a possible infection and discuss the outbreak with patients. The information below can help you provide nimble, specifically tailored responses to the ongoing outbreak.

For more information about COVID-19, including common symptoms and an up-to-date case count in NYC, visit our Coronavirus page.

  - Provider Checklist (PDF, January 31)
Clinical Updates

• New literature

• PUI criteria

• Identify-Isolate-Inform
## Interim CDC Criteria to Guide Evaluation of Persons Under Investigation (PUI) for COVID-19

<table>
<thead>
<tr>
<th>Clinical Features</th>
<th>Epidemiologic Risk</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fever (^1) or signs/symptoms of lower respiratory illness (e.g., cough or shortness of breath)</td>
<td>AND Any person, including health care workers, who has had close contact (^2) with a laboratory-confirmed (^3,4) 2019-nCoV patient within 14 days of symptom onset</td>
</tr>
<tr>
<td>Fever (^1) and signs/symptoms of a lower respiratory illness (e.g., cough or shortness of breath) requiring hospitalization (^4)</td>
<td>AND A history of travel from Hubei Province, China (^5) within 14 days of symptom onset</td>
</tr>
<tr>
<td>Fever (^1) and signs/symptoms of a lower respiratory illness (e.g., cough or shortness of breath)</td>
<td>AND A history of travel from mainland China (^5) within 14 days of symptom onset</td>
</tr>
</tbody>
</table>

**AND Negative test results on respiratory panel**

Rapidly Identify Potential Cases
IDENTIFY, ISOLATE AND INFORM - Prevent Exposure to Patients and Staff

IDENTIFY persons potentially infected with COVID-19
Have posters or signs in multiple languages at entry points directing persons to immediately notify staff if they have:
- Recent travel and
- Fever, cough or shortness of breath

ISOLATE apply face mask and place person in an airborne infection isolation room (AIIR) or single room with door closed. Use appropriate PPE when evaluating patient to see if they meet criteria for COVID-19 testing

INFORM the NYC Health Department of any persons who meet PUI criteria for COVID-19 testing.
If a Person Under Investigation (PUI) is Identified

In New York City:
Notify the NYC DOHMH provider access line
1-866-NYC-DOH1 or 1-866-692-3641
works 24 hours/day x 7 days/week

In New York State:
Notify your County Health Department
Use link to find your County’s phone number:
https://www.health.ny.gov/contact/contact_information/
What is Containment vs. Mitigation?

Goals of community mitigation
